

THE MAYOR AND CITY COUNCIL'S MAJOR VOTES THAT IMPACTED OUR NEIGHBORHOODS
2010 - 2013

9/16/2013		8:30 AM													
Agenda Item	Synopsis	Main Issues	Neighborhood Perspective	Council Vote	1 - J Paulson	2 - D Fries	3 - C Collins	4 - G Sterling	5 - T DeJulio	6 - K McEnery	Mayor Galambos	Decision Date	Get Smart Sandy Springs Reference	District(s) Impacted	
VOTES IN GREEN ARE NEIGHBORHOOD FRIENDLY - VOTES IN RED ARE UNFAVORABLE TO NEIGHBORHOOD. VOTES IN BLUE ARE NOT INCLUDED IN OVERALL NUMERICAL CALCULATIONS					Y	N	Y	N	Y	N	Y	N	Y	N	
Provence North, 6558 Roswell Road	Project to replace 112 Class C apartments with 230 units (original request of 275) at a density of 29.87 units per acre. Height would go from 2 to 4 stories.	Density increase of over 100%. Increase to 29 units per acre. Precedent on density bonus. Violation of existing Comp Plan. Negative environmental impact on stormwater, protected stream. Security and visual screening, light impact (resolved).	<i>This vote for Approval - Neighborhoods Perspective Was Mixed</i>	Approved 5-1	0	0	0	0	0	0		7/16/2013	161	3	
6890 Peachtree Dunwoody Road	Develop a 5 story 19 unit complex on the site of a single level individual home,	Significant density increase; impact on Marsh Creek tributary from increased density, impervious surfaces, contaminations and storm water runoff; driving safety due to interference in the line of sight with the increased sight obstruction from a 5 story building at a sharp road curve.	<i>This vote for Approval is Against Significant Neighborhood Opposition</i>	Approved 5-1	0	0	0	1	0	0		7/16/2013	160	4

VOTES IN GREEN ARE NEIGHBORHOOD FRIENDLY - VOTES IN RED ARE UNFAVORABLE TO NEIGHBORHOOD					Y	N	Y	N	Y	N	Y	N	Y	N	
VOTES IN BLUE ARE NOT INCLUDED IN OVERALL NUMERICAL CALCULATIONS															
JLB Partners Mixed Use Development at 4550, 4558, 4586, 4616 Roswell Road	An enormous Mixed Use project of apartments, retail and office near the intersection of Roswell Road and Windsor Parkway that would eliminate two Class C apartment complexes. The project is so large that it triggered an evaluation by the ARC and GRTA. It is a DRI (Development of Regional Impact). Proposed to renew old/dangerous area.	Exceeded Comprehensive Plan. Precedent setting. A density increase in apartment numbers (from 436) to 630 at almost 30 units/acre and 120,000 square feet of retail/restaurant/office. Height increase from 2 stories to, in some areas, 6. Traffic increase of 9,000 to 11,000 trips per day. Site plan/design would negatively affect adjacent property owners with issue of height/light/noise/cut-thru traffic (issue resolved). Detrimental transition to adjacent neighborhood (resolved) Proposed access would demand expensive, impactful re-routing of Windsor Parkway. Loss of perhaps 100 students from local public school.	<i>This vote for Approval - Neighborhood Perspective Was Mixed</i>	Approved 5-1	0	0	0	0	0	0		7/16/2013	159	6

Agenda Item	Synopsis	Main Issues	Neighborhood Perspective	Council Vote	1 - J Paulson	2 - D Fries	3 - C Collins	4 - G Sterling	5 - T DeJulio	6 - K McEnergy	Mayor Galambos					
VOTES IN GREEN ARE NEIGHBORHOOD FRIENDLY - VOTES IN RED ARE UNFAVORABLE TO NEIGHBORHOOD VOTES IN BLUE ARE NOT INCLUDED IN OVERALL NUMERICAL CALCULATIONS					Y	N	Y	N	Y	N	Y	N	Y	N	Y	N
Windsor Parkway Intersection Realignment	An expensive and highly contentious plan to re-configure the intersection of Windsor Parkway and Roswell Road. Driven by the enormous JLB/Gateway project on the west side of Roswell.	Increase number of lanes to 4-5. Create cut-thru traffic. Take land (possible eminent domaine) from stable townhome community. Negatively affect access to Walgreen's and Popeye's. Eliminate 1930's building recently zoned for funeral home. Increase stormwater/home flooding potential.	<i>This vote for Approval - From the neighborhood perspective, design is still a work in progress.</i>	Approved 5-1	0	0	0	0	0	0	0		7/16/2013	158		
Hines Development, 1150 Mount Vernon Highway	Build 26 story office building next to 2 story residential townhomes on a 3.9 acre site at the corner of Mt. Vernon Hwy and Northpark Place Rd.	Violates maximum 18 story City Height Use and Neighborhood Transition policies; 26 story building next to 2 story residences; no traffic impact study was done as required for a use permit variance; approval required a condition of a sidewalk on the northside of Northpark Place (that is on private property and may not be enforceable) and a pedestrian crosswalk at Mt Vernon Hwy.	<i>This vote for Approval is Against Significant Neighborhood Opposition</i>	Approved 4-3	0	0	0		1	1	1	0	6/18/2013	157	4

St. James Anglican Church , 5975 Mitchel Road, rezoning for townhouse project	Developer applied to build townhomes at 8 units/acre. Final design and approval was for single family homes at 5 units per acre. Land Use Plan designated 5-8 units per acre	1. Petition was granted even though the land's owner (the church) wasn't made aware of the rezoning application 2. Serious legal questions were raised about the petitioner's right to file when the "seller" of the property did not have the legal ownership 3. Neighbors felt the project's site plan and variances encroached on their buffer areas and was too dense for the area.	<i>This vote for Approval is 4-2 Against Significant Neighborhood Opposition</i>	Approved	0	0	0	0	1	1				12/18/2012	136	1
Funeral Home expansion , 4579 Roswell Rd.	The application was to convert an existing church to a funeral home with parking to be shared with Galery 63 in a private agreement as to times and scope. Galery 63's overflow parking had been a concern to the neighborhood even without this additional use. This building is on land owned by Gallery 63 and leased.	Insufficient parking for project size. Unanimously denied by Planning Commission. Removal of previously Conditioned protective buffer.	<i>This vote for Approval is 5-1 Against Significant Neighborhood Opposition</i>	Approved	0	0	0	0	1	0				9/18/2012	132	5

Lakeside Mix Use Development, 5775 & 5795 Glenridge Drive	Met Life was allowed, in response to a judge's Consent Order, as a result of a law suit, to rezone in order to increase office space to 700,000 sq.ft., be allowed to construct 520 apartment units in two buildings, build a 8000 sq.ft. free standing restaurant and 42,000 sq. ft. of interior retail space	Upon legal counsel, the neighborhoods felt the City Council was justified in challenging the court's Consent Order and encouraged them to do so with a NO vote. They wanted a 100 foot street buffer instead of the 40 foot buffer in the decree. 3 council members voted to support neighborhood interests. The mayor and 3 council members felt their hands were tied.	<i>This vote for Approval is Against Significant Neighborhood Opposition</i>	Approve 4-3	0	0	1	0	1	1	0	8/21/2012	130	5		
Church of Scientology Rezoning, 5395 Roswell Road	Church of Scientology was allowed, in response to a judge's Consent Order, as a result of a law suit, to expand interior use area of building, decrease green space for required parking. Neighbors opposed on multiple grounds.	Traffice congestion; reinforce precident in conflict with city ordances; potential stormwater problems; questionable due diligence by the City regarding ownership permission for proposed landscaping.	<i>This vote for Approval is Against Significant Neighborhood Opposition</i>	Approve 5-1	0	0	0	0	1	0		7/17/2012	126	5		
All District 4 Votes prior to 1/18/11 were made by Ashley Jenkins

Gwinnett Technical College Resolution to locate in Sandy Springs with city incentives. Agenda Item No. 11-014,	MCC, against extensive citizen opposition, voted to commit \$5 million to bring GTC to Sandy Springs	Fiscal irresponsibility of obligating \$5 million tax dollars to entice GTC to locate in SS; interim use of North Springs HS w/o appropriate approvals;unknown ground lease ownership (GTC or City of SS); environmental impact on Marsh Creek and Colonial Pipeline; site not meeting RFI (Request For Improvements) requirements;duplication of course offerings at other institutions - one less than a mile away, another 4.5 miles away.	<i>This vote for Approval is Against Significant Neighborhood Opposition</i>	Approve 4-3	0	0	1	0	0	1	0	01/08/11	82	All
